Can you advise re date BRISIGI have on WINKLER and identity  
of WINKLER involved. While we do not rate him highly info obtained  
from K-2B and also from trusted informant who has personally known  
him for some years do not place him as low as LONDON cable indicates.  
Our only dealings with him have been most cautiously throughout and  
full report submitted by pouch and brief summary already cabled.  
In any event we view him only as potential source of info on redunit  
not as useful element in resistance.
